**Subject:** FEMA REGION III Advisory Notification R03-13-02

## FEMA ADVISORY NOTIFICATION

### REFERENCE: R03-14-02

**Date/Time Issued:** January 9, 2014, 5:45 p.m. EST

**Dates/Time covered by Advisory:** January 9, 2014, 5:00 p.m. EST through TBD

**Description/Location:** FEMA Region III is issuing an **ADVISORY NOTIFICATION** to all ESFs and OFAs in response to a 4-methylcyclohexane methanol release into the Elk River in Charleston, WV. This leak occurred upstream from some of the West Virginia-American Water intakes. The Region III Regional Watch Center (RWC) is at Watch Steady-State. Currently, the West Virginia State Emergency Operations Center is at NORMAL operations.

This **ADVISORY** is being transmitted for situational awareness and planning purposes. No response is required from IMATs, ESFs or OFAs. Should activity increase or threats to the Region dictate an increase in RRCC Activation Level requiring activation of personnel or teams, FEMA Region III will issue an Activation Order providing additional information on the necessary requirements to support this operation, including staffing charts and reporting times and locations.

**This Advisory message is being transmitted to FEMA Region III IMAT Team 2, and to the following ESFs and OFAs:**

- ESF-1 Transportation
- ESF-2 Communications
- ESF-3 Public Works and Engineering
- ESF-4 Firefighting
- ESF-7 Resource Support
- ESF-8 Health and Medical
- ESF-10 Hazardous Materials
- ESF-11 Agriculture/Natural Resources
- ESF-12 Energy
- ESF-13 Law Enforcement/Security
- Defense Coordinating Element
- Red Cross
- General Services Administration
- Protective Security Advisor
- Emergency Management Assistance Compact Liaison

**For Additional Information Contact:**

Regional Response Coordination Center (215) 931-5757

which may be a computer program. This attached computer program could contain a computer virus which could cause harm to EPA's computers, network, and data. The attachment has been deleted.

This was done to limit the distribution of computer viruses introduced into the EPA network. EPA is deleting all computer program attachments sent from the Internet into the agency via Email.

If the message sender is known and the attachment was legitimate, you should contact the sender and request that they rename the file name extension and resend the Email with the renamed attachment. After receiving the revised Email, containing the renamed attachment, you can rename the file extension to its correct name.

For further information, please contact the EPA Call Center at (866) 411-4EPA (4372). The TDD number is (866) 489-4900.
